

GRADUATE STRUCTURAL ENGINEER (Full Time – 37 Hours / week)

We are currently seeking an enthusiastic Graduate Structural Engineer, with a minimum of two years relevant experience to join our leading multi-disciplinary consultancy practice.

Working predominantly from our Norwich City Centre office, the successful applicant will have the opportunity to work on a wide variety of projects of varying scale and in a variety of sectors including domestic, commercial, and agricultural.

The varied nature of the works provides excellent opportunities for the candidate to work towards incorporated or chartered membership of the ICE or IStructE and they will receive mentoring and support from the Senior Engineers and Directors to facilitate their progression.

The role will include undertaking structural inspections, preparation of calculations and details, attendance at project meetings and report writing.

The candidate must have:

A relevant Civil or Structural Engineering Qualification

A minimum of two years relevant experience ideally working within an Engineering Consultancy.

A driving licence and access to their own transport.

Benefits:

Competitive Salary

Private Healthcare

Life Insurance

25 Days Annual Leave + Bank holidays
